

A Poses and Noses Photo Session

Is your pet energetic? Lazy? Playful? Gregarious? We find the opportunities for shots that characterize your pet's style. Whether you come to our studio or we go out on location with you, we'll make your photographic session fun and relaxing, for you and your pet, because that is when your pet will be most at ease.

We're patient and will use whatever time it takes to get just the right effects. Choose a variety of poses for your frames and albums.

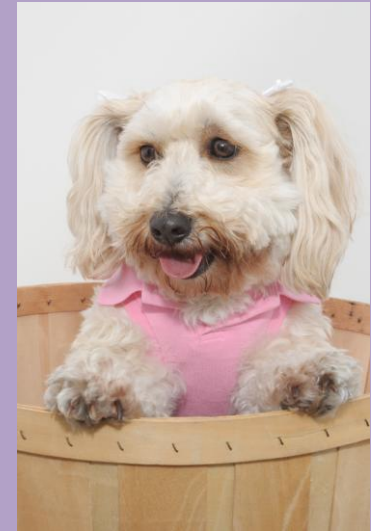

The Poses and Noses Style

We use color for that natural look. Bring toys or props that will help tell the story. We'll make your pet comfortable and create personalized poses that show your pet as you love to see him or her.

Include yourself or family members in the scene for extra-special memories. If you have more than one pet, bring them both, or all. We enjoy taking multiple-pet photos.

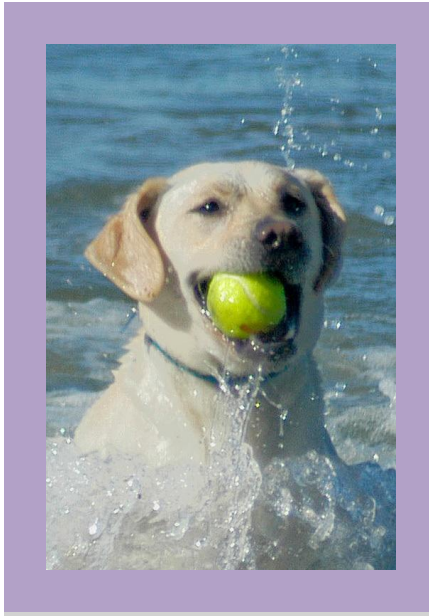

Let Us Do It For You

When you take pictures, your pet wants to come play with you instead of sitting for a photo. We eliminate the distraction factor that gets in the way and put your pet at ease.

We can provide appropriate backdrops and lighting that focus sole attention on your pet to create familiar-looking scenes, just the way you are used to seeing your pet. Or we'll work with you to provide seasonal backdrops or props to produce fun effects.

You Choose Where and When

Playful Pet Photography

Because we love pets, we understand that you want photographs of your loved companion that will bring a smile to your face every time you see them. Poses and Noses produces photos that are hard to achieve yourself — endearing images that are realistic and uncontrived — pictures that you will enjoy sharing with others and you will cherish forever.

Our studio is located in Boulder Creek, CA, in the Santa Cruz area. We serve customers in the Santa Cruz and Monterey Bay areas, Silicon Valley, and the Peninsula. Make a studio appointment or arrange for a house call. We also do on-location photography — at the park or beach, or wherever you want to remember your pet having fun. We can arrange weekend and evening appointments for your convenience.
